1 Introduction

The Town of Fort Macleod is requesting quotations from individuals or contractors with experience in road construction to resurface a section of municipal road.

The Town encourages contractors to seek efficiencies by combining several road and asphalt jobs which will be announced concurrently. Opportunities to reduce mob, waste, and scheduling costs will be considered when awarding individual contracts.

1. Interested parties must have proof of liability insurance, registered with WCB Alberta, hold a valid Town of Fort Macleod Business License, and detailed information on criteria for payment
2. The Town of Fort Macleod reserves the right to reject any and all bids
3. The Town of Fort Macleod has the right to select the proposal that best satisfies its interests and not necessarily on the basis of price or any other single factor
4. The town will not be liable for any additional work or damages directly attributed to neglect or poor workmanship of the prime contractor or any of their subcontractors

2 Scope

The Town of Fort Macleod will require the successful party to:

- Self-Assess the location and condition of the current road, all estimated areas and lengths to be confirmed by contractor
- Coordinate all traffic controls, road closures, and communicate with the town for resident awareness
- Manage all equipment as well as worker safety and incident investigations
- Milling and preparation of the surface
- Removal and disposal of all waste materials
- Manage all dust controls during construction activities

operations@fortmacleod.com	Brennan Orr, Director of Operations	PO Box 1420, 410 20th St	

The Town of Fort Macleod reserves the right to reject any and all bids. The Town has the right to select the proposal that best satisfies its interests and not necessarily on the basis of price or any other single factor.

- New roll/square (most economical) curbs installation
- Install asphalt overlay, maintaining surface profile
- Painting of lines
- Mob and Demob – comment on efficiencies with other open tenders
- No manholes or main valves are present on this stretch of road, no considerations or adjustments required

3 Schedule

The Town of Fort Macleod will require an estimated schedule of procurement, execution and finishing. The successful party will coordinate:

- Site inspections to ensure understanding of the details of the bid, make any efficiency suggestions for the course of work
- Highlight any material deliveries delays
- Efficient coordination of multiple potential tenders in town
- Traffic controls
- Work Execution

4 Details

4.1 Scope:

- Traffic Control
- Milling as required, of existing 24th street from 6th Ave east approximately 190m to the entrance from Hwy 3.
- Tie-in to 6th Ave, four entrances to the south properties, and the end of 24th street near Hwy 3.
- New curb (most economical) to connect existing curb coming from 6th Ave and bordering two southern vegetation islands as well as defining access to Northern property entrance.
 - Install new curb
 - ~ 209 m
 - ~ 69+60 = 129m south vegetation islands
 - ~ 30+50 = 80m north lot access.
