15	More lighting in the parks, such as, the highschool track field (very dark when I walk through in the evening). Affordable housing is a major barrier for our vulnerable populations; however, I recognize this is an issue in all communities right now and it's difficult to create a sufficient program to address this.	1/16/2025 7:32 PM

59	Lighting. Police presence and action	1/8/2025 8:07 PM
60	Parks need to be monitored more.	1/8/2025 7:55 PM
61	Our police detachment openly complains that they are basically handcuffed and can mostly give out driving infraction tickets. Many individuals are on a crime stoppers group that do more than I've seen our local RCMP do. Our business had a theft and we got more done from Lethbridge police than we got from our detachment. Our local RCMP couldn't even confirm an ID to a clear picture from our camera. We need police officers that live in town, would be nice if they had to live in the community they protect. We need patrolling 24 hours a day not an 8 hour gap where no authorities are in town. Our business had an active break in and it took RCMP 2 hours to get there.... Our community safety relies on our RCMP heavily, until they improve nothing else will make a difference. Better lighting in areas around the one ways. Visible crosswalks. More cross walk lights. Many people speed through town and it's very difficult for pedestrians to cross safely. On multiple occasions I've had to get out of my vehicle and assist a child, or elderly person because nobody was stopping for them.	1/8/2025 7:52 PM
62	Access to housing to prevent other issues from snowballing into the community More social engagement programs to meet needs to prevent the need for crime	1/8/2025 7:42 PM
63	I think we lack police presence overall in town and in the MD.	1/8/2025 7:34 PM
64	Lighting for sure. Downtown is nicely lit but some side streets are not.	1/8/2025 3:42 PM
65	As mentioned above.	1/8/2025 10:45 AM
66	Our street has no sidewalk. The amount of puddling and ice build up in front of the houses is very concerning. If we are supposed to keep sidewalks clear of ice and snow, why is the town not doing anything to keep it clear where residents are walking on these roads with no sidewalks? It's a hazard and if residents can be sued due to neglected sidewalks and someone gets hurt, is the town liable if someone gets injured on 16th or 10th streets where they refuse to put in sidewalks??? I'd really like to know when something is going to be done about this.	1/8/2025 10:12 AM
67	Police presence is lacking. I've called the police several times over the last few years for vehicle break ins, business robberies, public drunk/disorderly, etc. The RCMP only responded to the scene for one of the calls, and told me the situation at hand was a weekly if not daily occurrence with the same individual.	1/8/2025 9:55 AM

69	Shelter for the unhoused in the winter.	1/7/2025 10:27 PM
70	The town is supposed to maintain snow shovelling of the avenues as far as i'm aware, and they don't do a fantastic job of it. More lighting would be nice. Some nights there is a police presence, sometimes not. One time we had to call the cops and it literally took almost an hour for them to show up which could have been so much worse in a worse situation	1/7/2025 10:24 PM
71	Police presence	1/7/2025 9:40 PM
72	Post office, bank lobbies etc. Problem isn't the fault that building is available it's that other services are not - nowhere else to shelter	1/7/2025 8:25 PM
73	police prescence	1/7/2025 7:56 PM
74	The parks don't always feel as safe as there are people around at times who live in low income areas surrounding the parks that cause problems and have been to the park where the cops are there dealing with a situation. I wouldn't feel comfortable being at the parks alone with kids. Also sometimes on Main Street there are people going into businesses who are one something causing problems for businesses and pedestrians on Main Street. Cops seem to be quick to	1/7/2025 7:55 PM
