1 Introduction

The Town of Fort Macleod is requesting quotations from individuals or contractors with experience in asphalt pathways.

1. Interested parties must have proof of liability insurance, registered with WCB Alberta, hold a valid Town of Fort Macleod Business License, and detailed information on criteria for payment
2. The Town of Fort Macleod reserves the right to reject any and all bids
3. The Town of Fort Macleod has the right to select the proposal that best satisfies its interests and not necessarily on the basis of price or any other single factor
4. The town will not be liable for any additional work or damages directly attributed to neglect or poor workmanship of the prime contractor or any of their subcontractors

2 Scope

The Town of Fort Macleod will require the successful party to:

- Assess the location and condition of the pathway
- Coordinate all traffic controls, road closures, and communicate with the town for resident awareness
- Manage all equipment as well as worker safety and incident investigations
- Manage all dust controls during construction activities
- Execution of work
- Mob and Demob

operations@fortmacleod.com	Brennan Orr, Director of Operations	PO Box 1420, 410 20th St	

The Town of Fort Macleod reserves the right to reject any and all bids. The Town has the right to select the proposal that best satisfies its interests and not necessarily on the basis of price or any other single factor.

3 Schedule

The Town of Fort Macleod will require an estimated schedule of procurement, execution and finishing. The successful party will coordinate:

- Site inspections to ensure understanding of the details of the bid, make any efficiency suggestions for the course of work
- Highlight any material delivery delays
- Efficient coordination of multiple potential tenders in town
- Traffic controls
- Work execution

4.2 Wilderness Park

Scope of work is to pave over the existing pathways as well as pave the existing parking lot with an expansion to the west.

- Site inspection
- Traffic controls
- Subgrade preparation

The Town of Fort Macleod reserves the right to reject any and all bids. The Town has the right to select the proposal that best satisfies its interests and not necessarily on the basis of price or any other single factor.

- Scraping of current pathway materials off to the side
 - This will be used to finish edges after asphalt is laid
 - Ensure the top of asphalt is as close to grade as possible
- 200mm granular base
- 2m wide base for asphalt
- Asphalt paving
 - 2m wide
 - ~1000m long

4.2.2 Parking Lot Scope

- Subgrade prep
 - Grade and level the parking lot
 - Removal of foliage on west side
 - 150mm subgrade
 - 200mm granular
- Tie in milling to Hwy 811 as required
- Asphalt paving
 - Approximately 1200 m²
 - Tie-in to Hwy 811
 - Traffic control
- Demob of equipment and waste materials
